## How to order the Ezy Dose® Cold Seal System

To use the Ezy Dose® Cold Seal System, you'll need the following items:

**A. Cold Seal Cards** (these provide the backing for the Cold Seal Blisters); you'll reorder Cold Seal Cards frequently

**B. Cold Seal Blisters** (these hold the medication); you'll reorder Cold Seal Blisters frequently

**C. Cold Seal Tray** (this helps align the backing on the Cold Seal Blister); you'll only need one Tray per day format (e.g. 28-day, 31-day)

**D. Pressure Roller** (use this to adhere the Card to the Blister Card); you'll only need 1 Roller

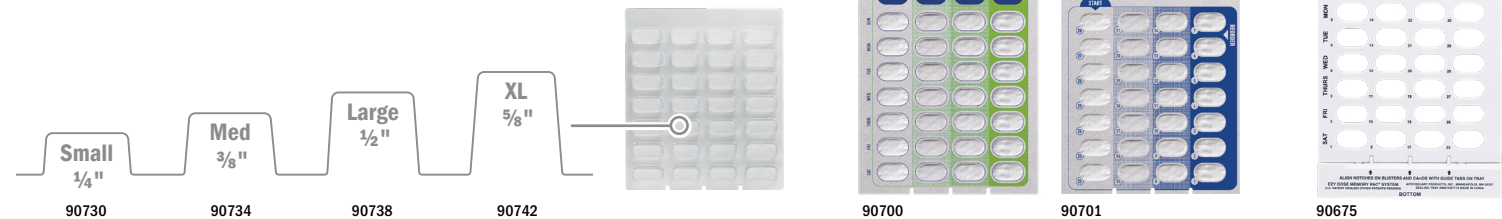

In this catalog, products are organized in color groupings by day. Each color group represents a collection of compatible products. For first-time orders, you will need Blisters, Cards, and a Tray for each day format, and one Roller. For subsequent orders, you may only need to order Blisters and Cards.

### Compression Wraps

Using a revolutionary design and medical-grade materials, Strive compression wraps aren't an average elastic bandage. They provide support while preserving agility, and will not slip during use. These can be worn comfortably during any activity to reduce swelling, relieve pain and promote oxygenation and healing. The unique formulation of the materials helps rise dermal tissue temperature, which activates and increases blood flow, triggering the body's natural healing process.

- Formulated to help speed up the body's natural healing process
- Made with silver for antimicrobial power to help reduce odor
- Breathable, moisture-wicking
- Easy VELCRO® brand closure
- Hypoallergenic and made without natural latex
- Washable and reusable
